*My girlfriend (Kathryn) was an outgoing person. She had a big heart which had to be made of gold because when she smiled or laughed it lit up my day. I love you so much, I love you so much, I love you so much. She would take her clothes off her back for anyone in need. She always told me, "I love you so much, I love you so much, I love you so much." It had melted my heart every time. One day about her she would keep it real with me no matter how I made me feel. Something may hurt me but I know it was out of love. Something that I didn't understand until now. We had our ups and downs but that never stopped the love between us. I have always been there for my mom and I won't stop now. I will forever hold her in my heart. You can rest now baby. No more pain, no more heart ache. But I just wish you a little longer now. With us had more time. I love you and I'm gonna miss you so much. A daughter and mom had to be unconditional. Nothing or anything can make this easy for me. Loving our dad never got easy for me, now you. You were little with a massive heart. You stood out because of that. You will be missed mommy. This is unforgettable.*

*I Love You, Your Daughter Chana*
