I can confirm Brenda is a mongoloid who posts people's kids.

**Ayeshia Lundsford** November 19 at 3:44 AM

Brenda is a pedo. I am going to kill her for posting my friends child. This is not a threat, this is a promise.

**Mjane** November 19 at 3:39 AM

Brenda never cared about her mom, she sat in the chats where she was fighting with everyone. Abused them and made up lies about them. She said she was glad her mom was dead. Brenda also spams people's children in the chats, she found a naked photo of my child in the bath and she posts it every day over and over.
